# 1. TRAVELING IN BORDEAUX

**Download the “TBM Mobilités” app (highly recommended):**

**1 ticket = 1 hour** (same ticket usable for one hour on all transportation)

1 ticket = **1.90€ on the “TMB” app** ; 2.10€ purchased at the terminal.

Tickets are cheaper on the app: you need internet access on your phone to buy them, and to scan them in the bus or the tramway.

Without the app, buy your ticket at the station terminal, in the tramway tickets are not sold onboard. For buses, tickets can be purchased from the driver if needed.

Buses and tramway stations have accessible ramps.

**City bikes** (electric and regular) are available throughout the city: 1€ for a regular bike or 2€ for an electric bike for the first 30 minutes, then 0.10€/minute. You can enter your information directly at the bike station terminal to use a bike.

Bordeaux is a small town and easy to navigate skating from one spot to another.
